Dear Families

Ramadan arrangements

As we approach the month of Ramadan, we are keen to ensure that students and staff that observe this sacred time have the necessary support and facilities they require during the academy day.

As usual, we have designated a dedicated space for students to pray during their lunch break. Additionally, we have made arrangements for students that are fasting and prefer a space away from food in the dining hall.

In order to manage this provision effectively with the necessary level of supervision, we kindly request your consent.

If your child is participating in fasting and prayer during Ramadan, please click the link [here](#) and complete the form to indicate your preferences regarding your child's participation.

Thank you for your support.

Yours sincerely

Mr G Coles
Principal
