Dear Parent / Carer,

Re: Testing of students prior to return to school for autumn term.

The government has advised secondary schools that they are obliged to offer two lateral flow tests to consenting students on their return to school in the autumn term.

The Wells Academy has made provision to reopen the rapid asymptomatic testing site at school. With this provision in place we are well placed to offer all secondary aged students two Lateral Flow Tests as part of the Governments mass testing programme.

The lateral flow tests are quick and easy using a swab of your nose and throat. Results take around half an hour from testing and will be shared directly with staff and students participating. Where participants are under-16, parents or legal guardians will also be informed of the test result.

Along with the other protective measures we are taking, these tests can help staff and students remain in school safely. Up to one third of people who have coronavirus experience no symptoms. By testing we will help to stop the virus spread and help to return to school as safely as possible. **Testing is voluntary.**

How do I give consent for voluntary testing?

I enclose an instructional leaflet with some more information (below) as well as a link to our online consent form [HERE](#)

If you are happy for your child to be tested, please complete the consent form **by Thursday 22nd July at 4.00pm**. If your child is over 16 years of age and is happy to be tested, please ask them to complete and return the consent form, having discussed participation with yourselves if they are under 18. **Please note that you are consenting to both tests.**

Appointments for the first test will be sent to parents via email/text or a call week commencing Monday 23rd August. Students will be given a 15-minute testing window within which they must attend the academy and complete their lateral flow test. Students must return directly home after this first appointment.

KINDNESS

RESILIENCE

GREATNESS

When will voluntary testing take place?

The academy will provide students who wish to take part in the voluntary testing **two** lateral flow tests. These tests will be administered by the student, under supervision at The Wells Academy. **The tests will be completed separately within three testing windows:**

Testing Window One	Students will be invited to undertake the first lateral flow test between Tuesday 31 st August and Thursday 2 nd September. Each year group will be allocated a day for the testing to take place. When students have completed the test, they will return home.
Testing Window Two	Students will be required to complete their second lateral flow test immediately upon return to school.

What if your child tests positive?

Students who test positive will need to take a further 'PCR test' (similar to those done in local and regional testing sites) on the same day (or as soon as possible). You can go to www.gov.uk/get-coronavirus-test or can call 119 to book a follow-up test.

During the time while they wait for the PCR result (via text/email), the students will need to self-isolate.

If the PCR test confirms a positive result you will have to self-isolate and follow the guidance from NHS Test and Trace.

I hope that the information in this letter is helpful and clear. If you have any questions, please do also email these to adminr@thewellsacademy.org

You can find further information which explains how your or your child's data will be used to process the test and the Privacy Notice, (both supplied by the DfE) on Greenwood Academies Trust website www.greenwoodacademies.org then click on the tab for COVID-19 testing or by following the links below:

In the meantime, I would like to take this opportunity to thank you for your ongoing support and I look forward to sharing our restart plan with you in the coming days.

Yours sincerely,

Mr Shepherd
Proud to be Principal of The Wells Academy
