The Wells Academy curriculum

- All students have 1 lesson a week of Personal Development Curriculum (PDC) which is used to support the delivery of the PSHE and RSE curriculum
- Students pick their GCSE options at the end of Year 9 and begin studying for their GCSE qualifications in Year 10.
- To allow for curriculum breadth, Technology and Art are taught on a rotation basis in Year 9.
- All KS4 students study an additional period of Maths in order to undertake their GCSE Statistics qualification
- All Year 11 students undertake an additional two lessons a week in the form of **'Period 7'**. This is a compulsory intervention period where students have a combination of small group tuition, seminars or 1:1 tutoring.
